Index of Data Tables

Key indicators .......................................................... 381
0.01 Gross domestic product ........................................... 382
0.02 Population .......................................................... 383
0.03 GDP per capita ...................................................... 384
0.04 GDP as a share of world GDP ................................. 385

Pillar 1: Institutions .................................................. 387
1.01 Property rights .................................................... 388
1.02 Intellectual property protection ............................... 389
1.03 Diversion of public funds ....................................... 390
1.04 Public trust in politicians ....................................... 391
1.05 Irregular payments and bribes ............................... 392
1.06 Judicial independence .......................................... 393
1.07 Favoritism in decisions of government officials ......... 394
1.08 Wastefulness of government spending .................... 395
1.09 Burden of government regulation ........................... 396
1.10 Efficiency of legal framework in settling disputes ...... 397
1.11 Efficiency of legal framework in challenging regulations ..................................................... 398
1.12 Transparency of government policymaking ............... 399
1.13 Government provision of services for improved business performance ................................... 400
1.14 Business costs of terrorism ................................... 401
1.15 Business costs of crime and violence ..................... 402
1.16 Organized crime .................................................. 403
1.17 Reliability of police services .................................. 404
1.18 Ethical behavior of firms ....................................... 405
1.19 Strength of auditing and reporting standards .......... 406
1.20 Efficacy of corporate boards .................................. 407
1.21 Protection of minority shareholders’ interests ........... 408
1.22 Strength of investor protection ............................ 409

Pillar 2: Infrastructure ................................................. 411
2.01 Quality of overall infrastructure ................................. 412
2.02 Quality of roads .................................................... 413
2.03 Quality of railroad infrastructure ............................... 414
2.04 Quality of port infrastructure .................................. 415
2.05 Quality of air transport infrastructure ....................... 416
2.06 Available airline seat kilometers ............................ 417
2.07 Quality of electricity supply .................................... 418
2.08 Mobile telephone subscriptions ............................. 419
2.09 Fixed telephone lines ............................................ 420

Pillar 3: Macroeconomic environment .......................... 421
3.01 Government budget balance .................................. 422
3.02 Gross national savings .......................................... 423
3.03 Inflation .......................................................... 424
3.04 Government debt ................................................. 425
3.05 Country credit rating ............................................ 426

Pillar 4: Health and primary education .......................... 427
4.01 Business impact of malaria .................................... 428
4.02 Malaria incidence ............................................... 429
4.03 Business impact of tuberculosis ............................. 430
4.04 Tuberculosis incidence ......................................... 431
4.05 Business impact of HIV/AIDS ............................... 432
4.06 HIV prevalence ................................................ 433
4.07 Infant mortality .................................................. 434
4.08 Life expectancy .................................................. 435
4.09 Quality of primary education ............................... 436
4.10 Primary education enrollment rate ......................... 437

Pillar 5: Higher education and training ........................ 439
5.01 Secondary education enrollment rate ....................... 440
5.02 Tertiary education enrollment rate ......................... 441
5.03 Quality of the educational system ......................... 442
5.04 Quality of math and science education ................. 443
5.05 Quality of management schools ........................... 444
5.06 Internet access in schools ..................................... 445
5.07 Local availability of specialized research and training services ........................................ 446
5.08 Extent of staff training ......................................... 447

Pillar 6: Goods market efficiency ................................... 449
6.01 Intensity of local competition ................................. 450
6.02 Extent of market dominance ................................. 451
6.03 Effectiveness of anti-monopoly policy .................... 452
6.04 Extent and effect of taxation .................................. 453
6.05 Total tax rate ...................................................... 454
6.06 Number of procedures required to start a business .... 455
6.07 Time required to start a business ......................... 456
6.08 Agricultural policy costs ....................................... 457
6.09 Prevalence of trade barriers ................................. 458
6.10 Trade tariffs ...................................................... 459
6.11 Prevalence of foreign ownership ........................... 460
6.12 Business impact of rules on FDI ............................ 461
6.13 Burden of customs procedures ............................. 462
6.14 Imports as a percentage of GDP ........................... 463
6.15 Degree of customer orientation ............................ 464
6.16 Buyer sophistication ......................................... 465

Pillar 7: Labor market efficiency .................................... 467
7.01 Cooperation in labor-employer relations ............... 468
7.02 Flexibility of wage determination ......................... 469
7.03 Hiring and firing practices ................................. 470
7.04 Redundancy costs ............................................. 471
7.05 Pay and productivity .......................................... 472
7.06 Reliance on professional management ................... 473
7.07 Brain drain ..................................................... 474
7.08 Female participation in labor force .................... 475

© 2012 World Economic Forum
Pillar 8: Financial market development
8.01 Availability of financial services
8.02 Affordability of financial services
8.03 Financing through local equity market
8.04 Ease of access to loans
8.05 Venture capital availability
8.06 Soundness of banks
8.07 Regulation of securities exchanges
8.08 Legal rights index

Pillar 9: Technological readiness
9.01 Availability of latest technologies
9.02 Firm-level technology absorption
9.03 FDI and technology transfer
9.04 Internet users
9.05 Fixed broadband Internet subscriptions
9.06 Internet bandwidth
9.07 Mobile broadband subscriptions

Pillar 10: Market size
10.01 Domestic market size index
10.02 Foreign market size index
10.03 GDP (PPP)
10.04 Exports as a percentage of GDP

Pillar 11: Business sophistication
11.01 Local supplier quantity
11.02 Local supplier quality
11.03 State of cluster development
11.04 Nature of competitive advantage
11.05 Value chain breadth
11.06 Control of international distribution
11.07 Production process sophistication
11.08 Extent of marketing
11.09 Willingness to delegate authority

Pillar 12: Innovation
12.01 Capacity for innovation
12.02 Quality of scientific research institutions
12.03 Company spending on R&D
12.04 University-industry collaboration in R&D
12.05 Government procurement of advanced technology products
12.06 Availability of scientists and engineers
12.07 PCT patent applications
