ESG Metrics Consultation (Generic)

World Economic Forum
ESG Metrics and Disclosures Consultation Process
Thank you for participating in this survey.

We have launched this survey to gather input and feedback on the proposed metrics/disclosures from corporates, investors, standard setters, and other relevant stakeholders. The aim is to integrate the results of this process into our current work and release an updated list of metrics in the coming months.

Please complete one survey per organization with input from all relevant leaders, functions and departments.

Please submit your responses by May 1, 2020 and allow 30 – 40 minutes to complete the survey.

Please note that all data collected in the survey will be anonymized and aggregated.

If you would like to know more about this work or face difficulties completing this survey, please write to us at ESGMetrics@weforum.org
Respondent details
1. First Name
2. Last Name
3. Position
4. Organization
5. Email

Would you be willing to be contacted by the World Economic Forum to answer additional questions and potentially participate in a virtual consultation meeting?

- Yes
- No

How were you made aware of this survey?

---------------------------------------------------------------

Please select the relevant option

- Corporate
- Investor
- Other
Please select the relevant option

- Academic (1) ... Other (8)

Is reporting on a set of universal, industry agnostic ESG metrics/disclosures useful for investors?

- Yes
- No

Please explain why.
________________________________________________________________________
________________________________________________________________________

Is reporting on a set of universal, industry agnostic ESG metrics/disclosures useful for the financial markets and the economy more generally?

- Yes
- No

Please explain why.
________________________________________________________________________
________________________________________________________________________
Would reporting on a universal set of ESG metrics/disclosures across sectors and geographies increase comparability and transparency?

- Yes
- No

If your response to the question above was “No” please explain why not.

________________________________________________________________
________________________________________________________________

Do you view this initiative as being complementary to existing standards and frameworks?

- Yes
- No

If your response to the question above was “No” please explain why not.

________________________________________________________________
________________________________________________________________

Are any high priority metrics/disclosures missing from the current set of 22 core and 34 expanded metrics/disclosures?

- Yes
- No

________________________________________________________________
________________________________________________________________
Would you remove any of the metrics/disclosures?

- Yes
- No

Please list the metrics/disclosures that you would remove.

________________________________________________________________
________________________________________________________________

To what extent will assured data elevate the quality of data used to report on these metrics/disclosures?

- To a great extent
- To a moderate extent
- Not at all

Please rank the following groups to indicate the importance of their role in catalyzing a systemic solution for reporting on non-financial (e.g. Environmental, Social and Governance) information.

<table>
<thead>
<tr>
<th></th>
<th>Extremely important</th>
<th>Moderately important</th>
<th>Not at all important</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Investors</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>2. Corporates</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>3. Standard setters</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>4. Regulatory bodies</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>5. International organizations/ NGOs</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Is there another group that you think will play an important role?

Do you have any additional comments on the proposed set of core and expanded ESG metrics/disclosures?
