We thank Hope Steele for her excellent editing work and Neil Weinberg for his superb graphic design and layout. We are grateful to Dimitri Kaskoutas and Edoardo Campanella for their invaluable research assistance.

The terms *country* and *nation* as used in this *Report* do not in all cases refer to a territorial entity that is a state as understood by international law and practice. The terms cover well-defined, geographically self-contained economic areas that may not be states but for which statistical data are maintained on a separate and independent basis.
