

# Airports of Tomorrow (AoT)

An initiative of the World Economic Forum in partnership with ACI World

Q2 2023

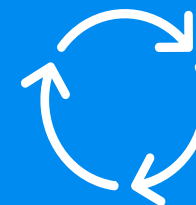

World Economic Forum | Centre for Climate and Nature | Net Zero Industry Pillar

# Objective

- Drive a [strategic dialogue between executives of the Airport ecosystem](#), leveraging the Forum’s neutral platform to:
  - Solve shared challenges for accelerating the Net Zero journey at the CEO level.
  - Address issues requiring strong cross-sectoral collaboration.
  - Frame the key issues and address them.
  - Create a collaborative practical “How-to” framework to define the agenda of the Airports of Tomorrow.
  - Provide a coordinated global vision to avoid fragmented approaches and unlock greater benefits.

# Vision

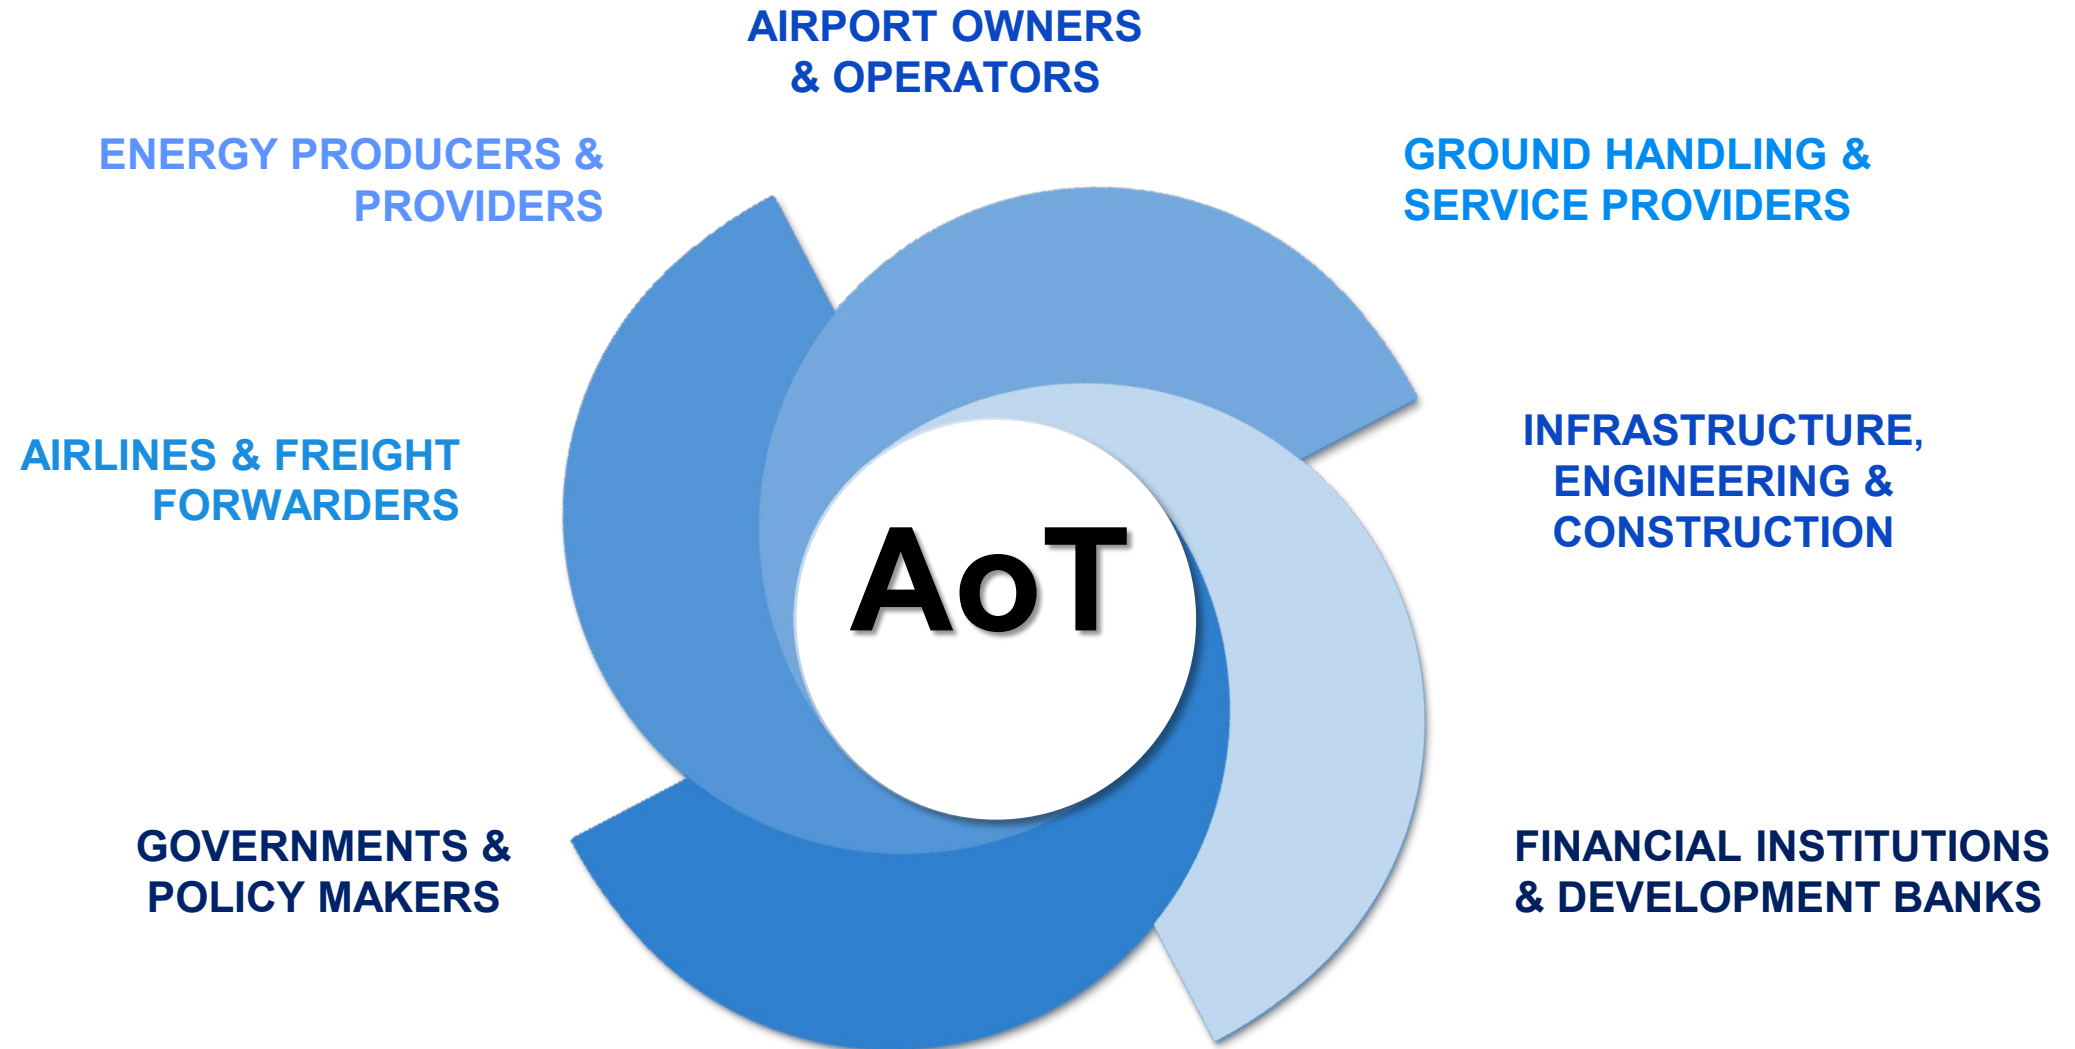

[Accelerate the transition to sustainable and resilient airports](#) by convening industry leaders from the airport ecosystem.

This shared vision [examines the elements that will transform the Airports of Tomorrow](#), anticipating the energy, infrastructure, and financing needs.

# Catalysing value chain collaboration

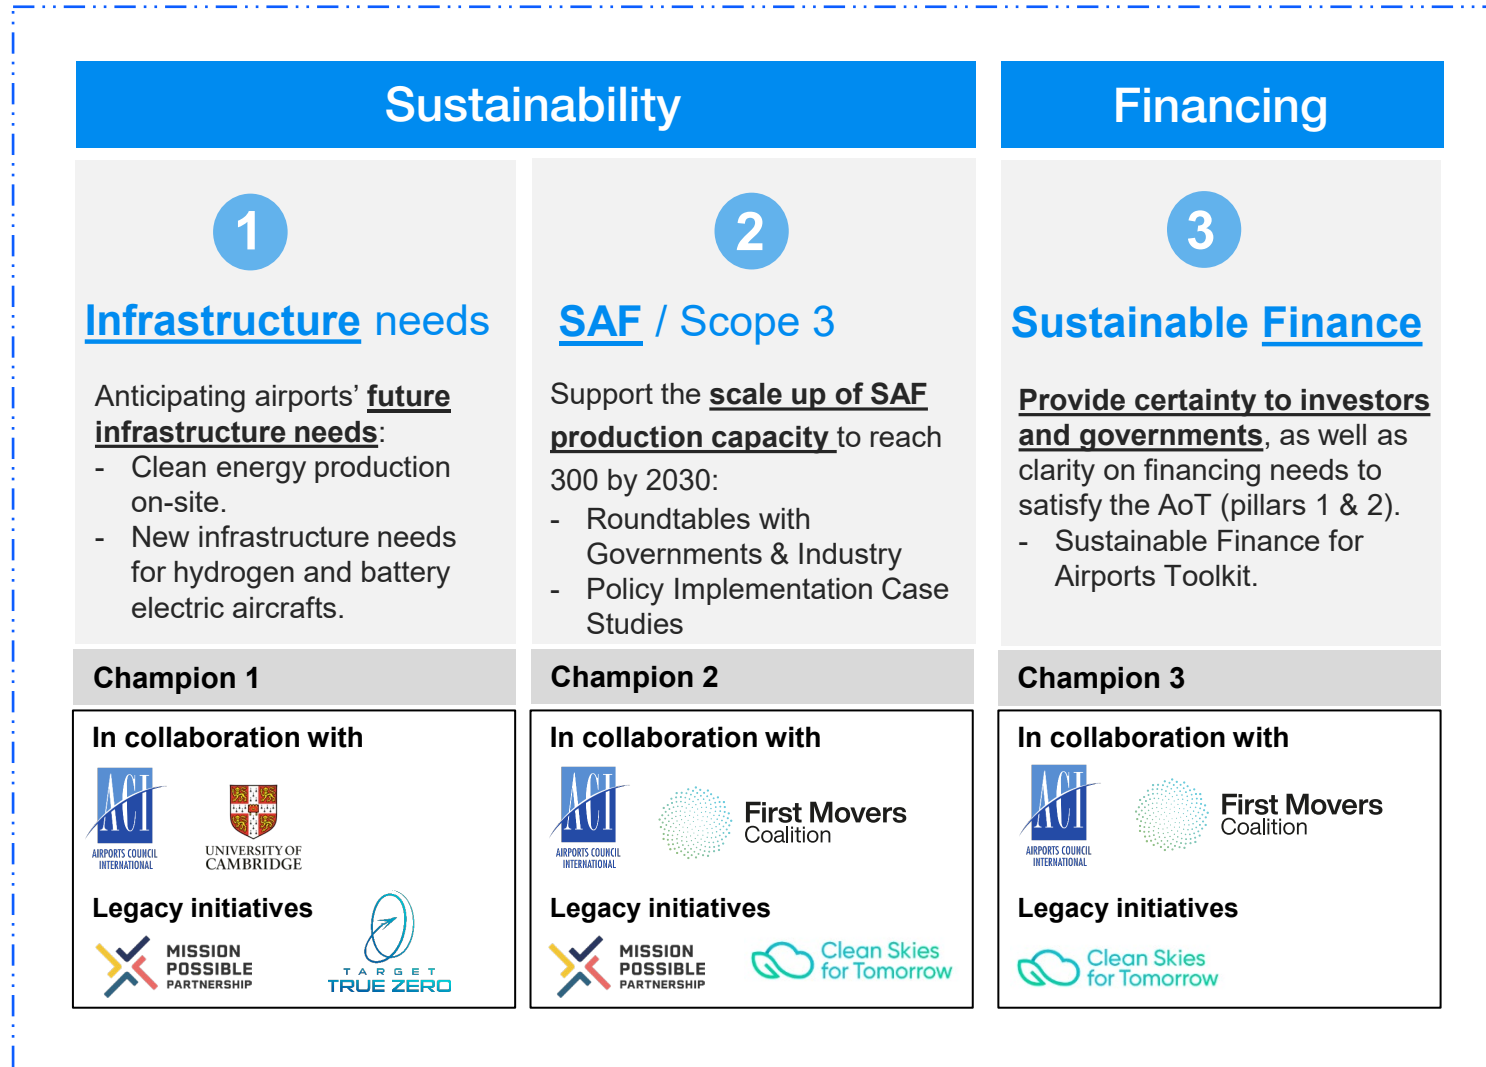

# Questions we will answer

- What are the anticipated **energy needs & infrastructure requirements** for AoT?
- What are the implications for today's **airport operators** to undertake the changes needed?
- How might **service providers** prepare for this transition?
- What requirements are unique to airports and what lessons can we take from **other industries**?
- How can airports evolve from passenger hubs to **energy hubs**?
- **What concerns you?** Leveraging the power of the collective to address it.

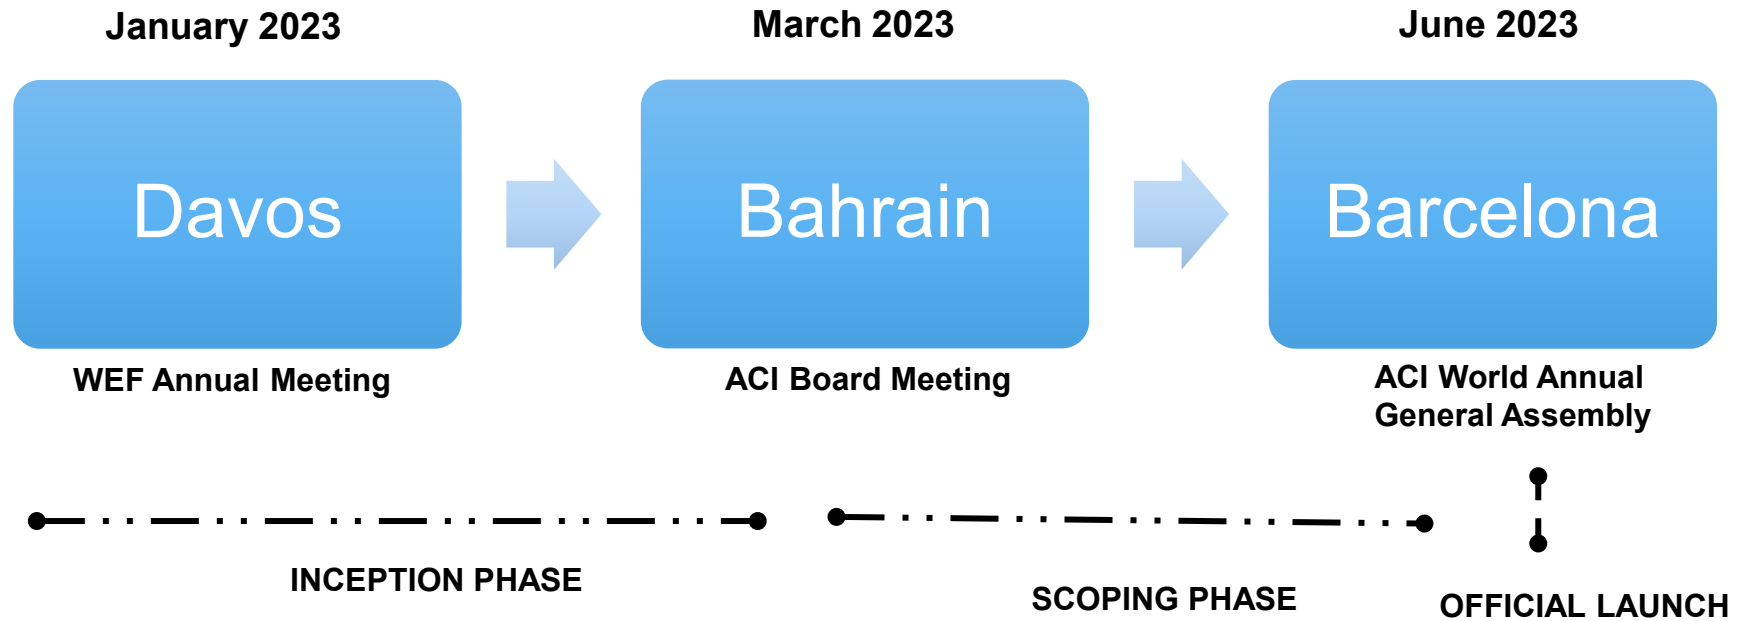

# Action towards impact

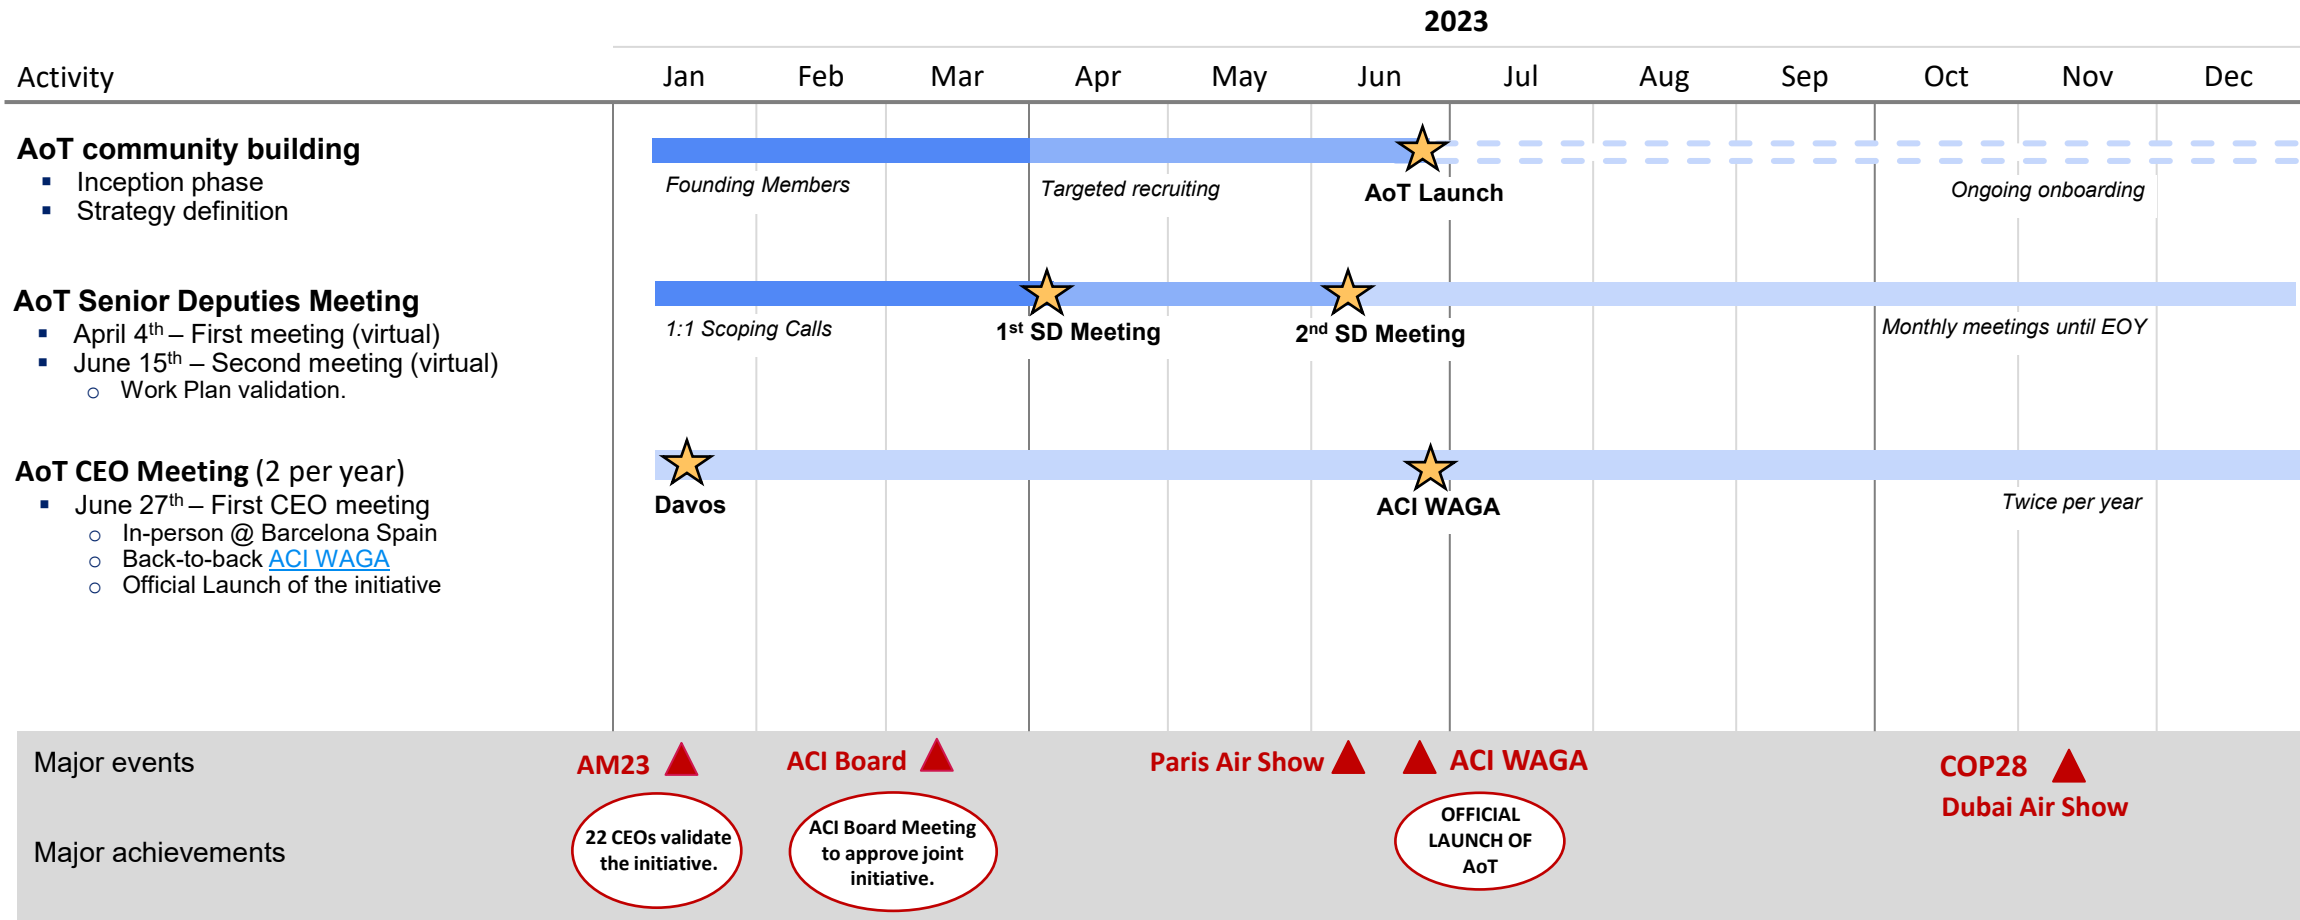

# Initiative journey (1/2)

# Initiative journey (2/2)

Illustrative – Potential timing subject to change

# Engagement expectations

## CEO

## CSO, COO, EVP, VP Sust. (“Senior Deputies”)

### ROLE: obligations & benefits

- Sponsoring the initiative.
- Addressing the issues requiring CEO level intervention.
- Championing the AoT initiative globally and engage their community of peers.
- **2 touchpoints per year** - on the sides of the Davos Annual Meeting & WAGA.
- Be part of an exclusive cross-sectorial, CEO community addressing top-of-mind issues in a non-competitive context.
- Provide a coordinated global vision.
- Drive positive change globally beyond the boundaries of your company.

- Sharing vision and insights on sustainable airports and relevant best practices.
- Contributing to the strategic dialog with peers (visioning, problem-solving)
- Challenging the initiative’s core decisions and deliverables (e.g. white paper, prep of CEO interventions, ...).
  - **1 Scoping interview**
  - **Monthly AoT Strategic Meeting**
  - **Experiential workshops (every 2 months)**
- Be part of an exclusive community of peers driving a strategic dialogue to accelerate the path to Net Zero.
- Get first-hand, early view of the initiative knowledge outputs and have visibility on other companies’ experiences.
- Engage in non-competitive collaborations addressing specific challenges faced.

# Want to join?

To join a global coalition of global leaders driving change in the airport ecosystem, learn more about this initiative or how your company can get involved – please reach out to us:
