

World Economic Forum Supply Chain & Transport Industry Charter in support of UNICEF and COVAX Vaccine Distribution

Recognizing the impact of multi-stakeholder collaborative action, we, as members of the Supply Chain & Transport Industry Action Group community, express our strong support to achieving globally inclusive, safe and sustainable distribution of COVID-19 vaccines.

We will focus our best efforts as a strong collective, to support the COVAX participant countries, with planning, preparedness and prioritized transportation and distribution of COVID-19 vaccines and related supplies, subject to internal regulations. We thereby intend to

- i. **Engage with governments, customs authorities, UNICEF and other UN Agencies, and NGOs** to enter into private-public partnerships, as appropriate, that ensures fast, prioritized and safe global movements of COVID-19 vaccines and related supplies;
- ii. **Participate in operational asset and competency sharing**, where requested by UNICEF and as appropriate, to resolve bottlenecks and fill potential gaps in the COVID-19 vaccine supply chain;
- iii. **Assign expertise** to support governments, where requested by UNICEF and as appropriate, to advise on solutions related to on-the-ground COVID-19 vaccine distribution planning.
- iv. **Support UNICEF's Global Vaccine Logistics Distribution, for COVID-19, with prioritization and solutions for international and in country distribution of vaccines and related supplies on behalf of the COVAX facility.** Provide support to requests for information, response, resources, including expertise, assets and emergency calls for action.

This document does not represent a formal engagement. If further documents shall be issued to execute the purpose of this charter, they shall comply with the proper assessment and formalities according to internal regulations.
