

YGL Supporter

As the name suggests, a YGL Supporter is an individual YGL, or their organization, who would like to make a large contribution to the community and support its activities. While the overall [benefits of membership](#) to the YGL Community remain the same across all other levels, as a YGL Supporter, you receive unique additional benefits to acknowledge your significant support.

- Support an area of your choice and strengthen your association with a specific YGL activity by making a direct financial contribution to that area (i.e. Participation Fund, Regional YGL Activities, YGL Initiatives, YGL Education Modules, etc.)
- Become a headline supporter of the YGL Annual Summit – acknowledgement for your organization’s financial contribution to the event.
- Contribute up to two Forum Agenda blogs per year on issues you are passionate out. The Forum blog has a global audience of 200,000 readers a month.
- Receive support from the Forum Media Team for any of your YGL-related initiatives and collaborations.

The annual contribution level for YGL Supporters is 50,000 CHF. Your contribution is divided into 10,000 CHF for your YGL Membership, 30,000 CHF to support the YGL Annual Summit, and 10,000 CHF to support an area of your choice.

Should you wish to become a YGL Supporter, please contact your community manager directly.
